DEATHS.

—Mr. Joseph P. Honey, one of Bourbon's oldest and most highly respected citizens died at his home in East Paris, Friday, after several month's illness with a complication of diseases. He was aged 69 years and was a prominent farmer until eight years ago when he moved to Paris with his family, purchasing the old Wm. Shaw property in East Paris. He had been an Odd Fellow for thirty years.

He leaves a widow and four children, Ray Honey, of Hardin county; Charles Honey, of Paris; Mrs. Tom Arkle and Mrs. C. W. Turner of Paris. The funeral services were held Sunday afternoon under the direction of Bourbon Lodge I. O. O. F.

—Bradford Shinkle, President of the Suspension Bridge Company, director in the Fifth-Third National Bank of Cincinnati, director in First National Bank of Covington Ky., and founder of the wholesale firm of Shinkle, Wilson & Kreis, died at his home in Covington Saturday.

—Capt. John O. Eastman, one of the popular passenger conductors of the Louisville and Nashville railroad died suddenly Sunday of heart disease in his room at Covington. Capt. Eastman was a native of Virginia and had been an employee of the L. & N. road for 21 years working his way up from brakeman to the position of passenger conductor of one of the through fast trains from Cincinnati to Atlanta. He had been in bad health for some time and had laid off to visit his parents in Virginia. He was a bachelor of about 44 years of age and held in the highest esteem by the L. & N. officials. His remains were taken to Virginia for burial.

Kidnaper Given Life Sentence.

At Mercer, Pa., Judge Williams yesterday sentenced James H. Boyle, convicted of kidnaping Willie Whittle to imprisonment for life. Mrs. Boyle was sentenced to 25 years in the penitentiary and to pay a fine of \$5,000 and costs.

That the threats of a double suicide, made by Mrs. Boyle Saturday night, were not idle was shown yesterday when it became known that a razor secreted in Boyle's clothing was found yesterday, and that Mrs. Boyle had taken a quantity of morphine between midnight and daylight.

Mrs. Boyle was made partly unconscious during the night and was very sick yesterday morning. It is believed the effect of the morphine caused her to collapse in the court room.

The Paris Grand.

The program for the last half of last week consisted of Jim Connors, an Irish comedian, Ben and Gladys Dawson in a comedy sketch "The Burglar." Mr. Dawson with his con make-up was very comical and the team was loudly applauded each night.

The Lansings, exponents of physical culture, presented a very fine act and their feats of strength and contortion were remarkable. An illustrated song by Miss Nellie Lovely and two new motion pictures each night gave universal satisfaction to the large audiences.

There was an entire change of program last night composed of Edwin Warren, that eccentric comedian, who make up is far above the average, his talks and gags which are all new made a hit with the audience.

Muir, Alvano and Jo, billed as high-class singers, operatic soprano, tenor and lyric singers, that is seldom heard off the stage of theatres in the large cities. This is an unusually good act and was greatly applauded.

Miss Nellie Lovely rendered the illustrated song, "All For You," in her usual pleasing way. This with the two motion pictures, "The Hidden Hand" and "Breaking into Society," which kept the audience in a constant uproar, completed a most excellent program. "Heard over the Phone."

Eating for Prosperity.

The raisin growers of Fresno, Cal., had a profitable industry. As the demand for their product increased they raised prices. New growers came into the field. For a time there was great prosperity, but at length the demand fell off; there were too many raisins; prices declined sharply, and, with their warehouses filled with tons of raisins which nobody wanted, the situation became desperate.

At this interesting crisis a man of genius proposed that the people of California should come to the rescue of a languishing community. It was estimated that if every inhabitant of the State should eat raisins freely for a single day the surplus stock would be disposed of. Californians have much pride in their commonwealth and they are fond of home-grown raisins also at fair prices. It follows that raisin day was a decided success and that a great hole was made in the visible supply of the fruit.

Merchants, manufacturers, distributors, sociologists and economists may draw such world-old lessons from this true story as they may, but they will have to admit that the consumer played the role usually assigned to him. By denying himself he punished the Fresno extortioners. By good naturedly over-feeding himself he mitigated their troubles. He was the key to the situation, the one indispensable person. Will he be forgotten hereafter?

Thirty-Eight Years of Peanuts.

The peanut crop of this country for 1908 was valued at \$12,000,000. Yet the "goober," as it is commonly mis-called, became of commercial importance only as far back as 1870. It would be well if peanut politicians could develop as rapidly and usefully.

The peanut was known to some extent in colonial days and probably came from tropical America. Until recently American peanuts were grown chiefly in Virginia, Tennessee, the Carolinas and Georgia. Now they come from all the South Atlantic States, the Southern border and California. In a pamphlet from the Department of Agriculture, Expert W. R. Beattie says that in the bollweevil districts they will make frequently a more profitable crop than cotton.

Mr. Beattie's monograph is impressively illustrated. In Figure 16 in the pamphlet you can observe shells snugly accommodating four well rounded kernels. And these are Tennessee Reds, which seem thereby to have advantages over the California double-jointed variety of the circus vender. We read of peanuts plain roasted, of peanut butter and peanut brittle, of peanut oil, peanut meal, peanut by-products for feeding live stock, peanut hay—almost equal to the best clover—peanut forage to take the place of corn, peanut vines and kernels chopped into a balancing ration for dairy cows, and peanuts for fattening hogs.

Besides, peanuts are soil-builders and renovators. In the day of an advancing cost of living they are among the cheap things that made good.

War Cost and Poverty.

At the mass meeting which precluded the sessions in Chicago of the National Peace Congress, President Schurman, of Cornell, said that wars are now infrequent and the loss of life and suffering from injuries are small in comparison with past times. But preparations for war "bear with tremendous weight in times of peace upon all classes of

the community."

Six million picked men in the flower of youth are in arms in Europe. They are all strong men, those who would be most useful in industry. Great Britain's war costs, including national debt service, are \$144,000,000 a year, and she is planning, by desperate taxation which will make mere paupers, to spend an additional \$750,000,000. For paupers she pays almost as much as for elementary schools; her war costs are nearly six times as great as her elementary school costs.

An even more bitter contest over a greater war deficit which must be met by increased taxation is going on in Germany; and in Berlin and other German cities there are poverty and destitution unmatched in extent with us. France has an interest charge of \$80 a year for every family upon a debt which chiefly means military "glory," and her taxation is heavier than in England. Austria Hungary, a poor country, found the cost of mobilizing its army against Serbia last Autumn so heavy that she threatened to fight and "have it over with," as cheaper than keeping the field. Russia runs behind \$200,000,000 a year in her national finances. She has little grain to export to pay interest, and famine is perpetual.

Great Britain does at least in her new war budget propose to tax wealth. Here, where consumption is taxed and the cost of living maintained at an almost unbearable level, two-thirds of all our revenues, outside of postal receipts are used in war expenditure, past or future. We pay more for war in one year than the Standard Oil Company has paid in dividends in its entire existence. The constant drain makes poverty directly by wasteful expenditure, it makes poverty indirectly by the method of tariff taxation, which puts many dollars into the coffers of production trusts for every one that reaches the Treasury.

New Partner.

Congressman D. C. Edwards, of London, Ky., has purchased an interest in the Templin Lumber Company. The business will be conducted under the present name of the firm and the capacity of the company largely increased.

A Lazy Liver

May be only a tired liver, or a starved liver. It would be a stupid as well as a savage thing to beat a weary or starved man because he lagged in his work. So in treating the lagging, torpid liver it is a great mistake to lash it with strong drastic drugs. A torpid liver is but an indication of an ill-nourished, enfeebled body whose organs are weary with overwork. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble" by its wonderful control of the organs of digestion and nutrition. It restores the normal activity of the stomach, increases the secretions of the blood-making glands, cleanses the system from poisonous accumulations, and so relieves the liver of the burdens imposed upon it by the defection of other organs.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, dependent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more thoroughly than Dr. Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

The "Discovery" is non-secret, non-alcoholic, is a glyceric extract of native medicinal roots with a full list of its ingredients printed on each bottle-wrapper and attested under oath. Its ingredients are endorsed and extolled by the most eminent medical writers of the age and are recommended to cure the diseases for which it is advised. Don't accept a substitute of unknown composition for this non-secret MEDICINE OF KNOWN COMPOSITION.

Commercial Club Elects Officers:

The Paris Commercial Club held its
annual election of officers and direc-
tors Thursday evening.President W. O. Hinton called the
meeting to order and delivered his an-
nual address which was a review of
the progress of the year's work. Re-
ports of different committees were
called for and upon behalf of the fi-
nance Committee, Treasurer Buckner
Woodford, Jr., read his report which
showed a balance in the treasury of
\$241.51.The list of members in good stand-
ing numbers 120 and after a talk from
Chairman A. J. Winters, of the Commit-
tee on membership it was decided that
a canvas for new members must be
made in the near future.The election of officers was then gone
into. President W. O. Hinton, First
Vice President George Rassenfoss,
were reelected, and W. H. Anderson
was elected Second Vice President.President Hinton announced that di-
rectors B. A. Frank, J. T. Hinton and
W. H. Anderson were hold-overs, and
in view of the election of Mr. Ander-
son as second vice President, a vacan-
cy occurred to which F. P. Kiser was
elected. The election of three directors
for the long term was then entered
upon, Dr. C. G. Daugherty, Dr. J. T.
Vansant and M. J. Lavin being elected.
On motion of B. A. Frank the Club
unanimously voted the sum of fifty dol-
lars to the Paris Base Ball Club. The
meeting then adjourned until regular
meeting in June.The directors will meet Thursday,
May 2, for the election of a Secretary
and Treasurer of the club.

Browned in Pond.

Marion Harney, aged 21, was drown-
ed Saturday afternoon in a pond
near Lexington, where he had been
employed by John W. Davis. Harney
and Kolia Linville had been whitewash-
ing, and when they completed the work
they decided to swim through the pond
with their clothes on in order to get
rid of some of the whitewash that still
adhered to them. Linville reached the
opposite bank in safety, but Harney
disappeared beneath the surface. His
body was recovered.

Similarity of Lead and Steel.

Lead when reduced to a very low
temperature in liquid air, is said to act
much as steel at ordinary tempera-
tures. It will serve as a helical spring,
for example. Just as iron is soft and
inelastic at a high red color, so lead
is dull and soft at ordinary tempera-
tures, for it is then already well on
its way to be melted.

THE STANDARD OF THE WORLD

Quit the Game Ahead

The parliamentary commission which
is taking an inventory of the imperial
palace at the Yildiz has learned that
Abdul Hamid deposited, during recent
months, millions of dollars in New
York banks through a confidential
agent. The amounts, thus sent to
America and the names of the institu-
tions holding them are, however, strictly
withheld.It appears that Abdul Hamid has
nearly \$10,000,000 in German banks.
An examination of the accounts of the
deposed Sultan indicates that his con-
fidence in French banks diminished
several years ago, then passed suc-
cessively to Great Britain and German,
and was recently beginning to be re-
posed in American houses.

healthy and strong, or puny and weak,
depends upon the intelligence of its
parents, for most children are born
into the world healthy, but thousands
become future weaklings between
birth and the age of ten, when the
parents are still in greatest control.The prime cause of trouble is in the
stomach. A baby that is digesting its
food seldom cries and always looks cheer-
ful; the little child whose stomach is good
rumps and plays and never whines; the
growing child learns well at school and is
eager for fun if its head is clear and its
stomach light, and that means if it has
no constipation.The best and safest way to cure any
irregularity of the stomach and bowels
in children is by the use of Dr. Caldwell's
Syrup Pepsin. This is a liquid laxative
wonderful in its effect. Mrs. J. W.
Dunham, Apple Creek, O., Mrs. H. L.
Cullam, Plainville, Ind., and numerous
others can testify who give it to their
children with extraordinary results.A bottle only costs 50 cents or \$1 ac-
cording to the size you want, and even
one 50-cent bottle will do a wonderful
amount of good in a family. It can be
given to any member of the family in
constipation, sour stomach, indigestion,
torpid liver, dyspepsia, heartburn, sick
headache and similar digestive troubles.
It never gripes or strangles like pills,
tablets, salts and powders, which should
not be given to children, women or old
folks.If you have a child or other member of
the family who needs, at any time, this
grand laxative tonic, send your name
and address to the doctor and a free trial
bottle will be sent to your home. In this
way you can find out what it will do
without personal expense.If there is anything about
your ailment that you don't
understand, or if you want
any medical advice, write
to the doctor, and he will
answer you fully. There is
no charge for this service.

Initial Carrier Liabel.

Under the Carmack amendment to
the interstate commerce law, accord-
ing to a decision handed down Friday
by the Court of Appeals, the initial
carrier is liable for damage to articles
shipped even though the articles were
in good condition when delivered to
another road for transportation. The
case was the Louisville and Nashville
Railroad Company against N. P. Scott.
Scott secured judgment for \$275, in
Henry county, for damage to seven
horses shipped to Waycross Ga. The
horses were delivered by the Louis-
ville and Nashville in good condition to
another railroad at Montgomery, Ala.,
but the horses were not in good con-
dition when they reached the consignee.
The Kentucky court says that the
Louisville & Nashville is liable.

Consolidation of Coal Mines.

As a step in the proposed consolida-
tion of large number of coal miners in
Southeastern Kentucky, the Continen-
tal Coal Corporation, of Chattanooga,
Tenn., has purchased the Black Bear
mines in Bell county from L. A. Ault
and other Cincinnati capitalists. One
feature of the deal is that the purchase
carries with it practically the whole
town of Black Bear.

"Night Riders" Threaten Negroes

Negroes who have been employed at
the quarries at Benson, on the Louis-
ville and Nashville railroad, seven
miles West of Frankfort, are much
alarmed over "Night Rider" warn-
ings, which have been posted in the
vicinity, threatening them with "whip
and rope," unless they leave within
48 hours.Two of the notices were sent to Ad-
jutant General Johnson Saturday and
he immediately put the matter in the
hands of detectives and an effort will
be made to discover the writers.General Johnson says he intends to
sift the matter to the bottom, and will
see that the negroes will be fully pro-
tected in every right to the full extent
of the law.The warnings are printed with a
pencil on note paper and read as fol-
lows:"Notice, all niggers are warned to
leave Benson in 48 hours. We have
for you whip and rope. If you want
to live, leave Benson. No one must
talk about this.""Leave or stay. Hell is your por-
tion if you stay. Night Riders."Considerable sentiment is said to ex-
ist against negroes at Benson, which
is a quiet little hamlet with scarcely
any colored population. This senti-
ment is said to have greatly increased
lately on account of the attempted as-
sault by a man on a young girl near
Bagdad, over the Shelby county line.

Kidnapers Found Guilty.

The jury in the trial of Mrs. James
H. Boyle, at Mercer, Pa., Saturday
returned a verdict of "guilty in the
second count." The second count
charged her with aiding and abetting
the kidnaping. The maximum penalty
is 25 years in prison. When the ver-
dict was read Mrs. Boyle calmly drew
on her gloves, and arose from the chair
and went with the sheriff back to her
cell. Mr. Miller, Mrs. Boyle's attor-
ney, has announced that he will make
a motion for a new trial. This, it is
believed, will be overruled and an ap-
peal will be taken.

Her Supreme Pleasure.

an more than her ability to look

Globe-Democrat.

Withdraws Renewal.

Declaring that an extension of its
charter life and increasing of its capi-
tal stock from \$1,000,000 to \$5,000,000
was trivial and unimportant thing,
the officials of the East Tennessee
Telephone Company, Friday withdrew
from the Secretary of State's office at
Frankfort, the paper authorizing the
company to increase its capital and ex-
tend its existence. The company is a
Kentucky corporation, having filed ar-
ticles many years ago in Warren coun-
ty. Recently the company wanted to
increase its capital stock and extend
its existence. It filed papers in Frank-
fort, but sent a check for \$4,000,
when the laws of Kentucky require
one-tenth of 1 per cent. of the capital
stock as a payment for original incor-
porations for the renewal of corporate
existence. The telephone company
was told it would have to pay \$5,000.
The company decided not to file the
papers and not to do anything at
Frankfort. It is said the company is
going to allow its present charter to die.

Auditor After Sheriffs.

Investigation of the accounts of
every Sheriff in Kentucky for the last
fifteen years has been begun by Frank
P. James, State Auditor, and he ex-
pects to collect considerable money
from those officials who have been de-
linquent in that they have not turned
into the State treasury all that the
State should have received. The State
can keep easy trace of amount due on
taxes by each Sheriff, but there are
said to be many other ways by which
the Sheriffs can defraud the State and
the Auditor is going after these. He
also is going after those who owe the
State, but who were not guilty of any-
thing more than carelessness.Mr. James said that one way the
Sheriff could defraud the State was by
getting the Fiscal Court to grant exon-
erations for money that had not been
collected and then make the collec-
tions. For instance, a Sheriff reports to
the Fiscal Court that he failed to
collect \$1,000 on poll tax. He is ex-
onerated on this item, but later some
of the men of the county pay their poll
taxes or the Sheriff collects many.
That money should go to the State, but
in some instances which have been
discovered it did not go to the State.
Omitted property, which has been
left off of the Assessor's books, is also
a source of fraud on the State. The
property may not be assessed and the
Sheriff may collect taxes without
making any report that would show
the collections having been made.Mr. James expects to get into the
treasury considerable money by means
of these investigations and also to es-
tablish a precedent for the payment so
that the future Sheriffs will not be
found short.

EGYPTIAN BARON

Is a black horse 15.2. A grand individual and one of the best representa-
tives of the great Baron Wilkes, now known as the Futurity family. He is
one of the fastest best headed horses in Kentucky, and has been a mile over
ton, in 2:00 1/2, last half in 1:03 1/4, last quarter in :30 1/4. Although a pacer, he
was a natural and fast trotter, and could trot in 2:40 at 2 years old. Was
headed race horse, and proved himself a game, level
headed race horse, and if he stays right, we predict a record of 2:05 or bet-
ter this year. He has served a few mares, and his colts are good individ-
uals and fast. Egyptian Baron will serve a few approved mares at

\$25 to li-sure a Living Foal.

Care taken, but no responsibility assumed for accidents or escapes.
Money due in all cases if mare changes hands or is parted with. Mares
kept on grass at \$1 per week.

—The game of baseball between Transylvania University team and M. M. I. here Saturday afternoon was terminated in the last half of the third inning when Robertson hit high and the ball was muffed by Geever. Captain Towler claimed the ball went foul, Berry using profane language to the umpire for which he was ordered out of the game. Transylvania refused to finish the contest. The score at the time of the dispute was 2 to 0 in favor of Transylvania, but the umpire forfeited the game to the M. M. I. by a score of 9 to 0.

Dozen Admitted to Bar.

Twelve law graduates were admitted to the bar at Lexington Saturday, after examination, by Circuit Judge Watts Parker, and attorneys T. T. Foran and W. C. G. Hobbs. The applicants were from the Central University law school at Danville, and the law school of Transylvania University, Lexington.

Ten of them were from former school and two from latter. Among those from Central University was Wm. B. Ardery, son of Mr. Wm. Ardery, of Bourbon county.

Those Newspaper Office Eres.

It isn't the kickers, or the men with blood in their eyes, that worry a newspaper man so much, but the infernal bores—those who begin: "I'm a great admirer and a constant reader of your department." In this way they have you, to a certain extent, at their mercy. No wonder newspaper men get to be "coarse and brutal."

Tobacco Agreement Ratified.

The agreement entered into between members of the Independent Tobacco Manufacturer's association at Cincinnati some time ago, pertaining to the disposal of 1,000,000 pounds of tobacco, which was subscribed for and not taken on has been ratified by the Burley society, and the tobacco will be divided among several of the large manufacturers. The meeting at which the deal was ratified was held in Lexington yesterday, and the tobacco has been ordered shipped to Cincinnati, where it will be inspected and sampled by J. F. Walton, of Lexington, official grader of the Equity society, will represent his organization at the inspection. The disposition of the tobacco practically cleans up the last of the pooled crop in the hands of the society.

"Teddy" Bags a Big Rhinoceros.

A cablegram from Mairabi, British East Africa yesterday afternoon says: "A big bull rhinoceros has been shot by Theodore Roosevelt today. From the ex-President's camp near Nachei, word was brought down today that the Roosevelt party had secured fifteen varieties of game, including a big rhino, on the last expedition. The rhinoceros was charging Roosevelt when the hunter fired. When at a distance of only fourteen paces, the animal fell dead."

Army Dogs.

The German army dogs are so trained that when they find a dead body they set up a prolonged howling. If no one comes they take the dead man's cap or some small article, and with this in their teeth go on a hunt for their trainer, whom they lead to the spot. If the man is wounded he gives his cap to the dog and the same object is accomplished. — Animal World, London.

To Protect the Food.

It is not foreign meat alone that requires to be looked to. Our own home supplies call for more rigorous inspection, and to this end we must have public slaughter houses, where all meat can be inspected, and possibly a central clearing house, where the inspection would be a reality and not merely a name. — Sanitary Record.

Putting It Gently.

Harduppie (to Richboy)—Do you know, I really believe I'm losing my nerve? I'm getting so I hate to ask any one for a loan. As soon as I saw you I began to tremble.

Portable Circular Saw.

A recent English invention is a portable circular saw resembling the street outfit of the scissors grinder, which may be moved up to stationary timber to cut it.

Base Ball.

Eight hundred paid admissions was the size of the crowd that witnessed the game of base ball Sunday afternoon at League Park between the "Pioneers" of Richmond, and the Paris team, which was called at the conclusion of the sixth inning on account of rain, the score being 6 to 5 in favor of the "Pioneers."

The game was intensely interesting and exciting. Hard hitting and brilliant fielding were the features. The old "hoodoo" was still on hand, however, and Paris suffered its ninth consecutive defeat. There is little doubt but the home team would have won the game "if" it had been played out, for they were improving right along. Swearingen had gotten perfect control of the ball and was pitching a winning game. The following is the summary of the game:

Score by Innings. 1 2 3 4 5 6
Paris 0 2 3 0 0 5
Richmond 4 1 1 0 0 6

Hits—Paris 4, Richmond 6.
Two-base Hits—Wombel, Three-base hits—Scott, Johnson, Struck Out—By Swearingen, 3; by Creiger, 7. Bases on Balls—Off Swearingen, 1; off Creiger 1, 1; by pitched ball—Swearingen, 2; Creiger, 1. Left on Bases—Paris 4; Richmond, 5. Errors—Richmond 1; Paris, 2. Umpire Rasche.

NOTES.

The game between Paris and the Lexington team Friday afternoon was indeed a hard one to lose. The score stood 1 to 0 in favor of Paris until the last half of the ninth inning, when an error by center fielder Fleming gave Lexington two runs. Guin pitched good ball in this game for Paris, striking out six men. Barnett got his usual three-bagger at Lexington.

The game Saturday was well attended regardless of Gentry Bros.' circus being a counter attraction. It resulted in a score of 7 to 2 in favor of Richmond. Stone pitched a steady game for the visitors, striking out six men. Robinson for Paris had poor control and in the second and eighth innings was as wild as a Texas steer.

Ten automobiles, loaded down, were at the game Sunday afternoon.

Shelbyville shut out the Lexington Colts Sunday by a score of 8 to 0.

Editor "Sheep" Powling and Postmaster Bryson, of Carlisle, attended Sunday's game.

It would be a good move to have the foul lines extended so as to keep down unnecessary squabbles.

The Lexington Colts only made two hits off of Guin up to the ninth inning at Lexington Friday.

Barco, Red and Cels, the outfield squad, each did their best in the field and accepted some most difficult chances.

"Goosey" Swearingen is the best pitcher seen at Paris League Park since Mayor O'Brien was in the box on the open ground.

The game between Frankfort and Winchester Sunday at the former place was stopped after four and one-half innings, on account of rain.

Millersburg, Carlisle, Cynthia and Winchester were well represented in the crowd that witnessed the game Sunday afternoon.

Umpire Rasche frequently exercised his authority in settling the useless arguments which arose from disputes by the "Pioneers."

Paris will play at Lexington Thursday. They return home for games Friday and Saturday with Frankfort and will play Sunday at home with Winchester.

After the first frame an air of confidence seemed to hover over the crowd, probably due to the fact that the local fans knew what Swearingen was capable of doing if he was in the proper condition.

"Tag Day" for the Paris Base Ball Club was a success, the club realizing \$148. The young ladies who sold the tags worked faithfully. Miss Louise Davis led in turning in \$10, with Miss Rena Crodale second with \$30.

While the first man up in the sixth for the visitors lined out a three-base hit, Swearingen held him on the bag and the next three batsmen who faced him went down in order, he being credited with two putouts in that frame.

Eddie Glenn, who fifteen years ago sailed under Paris colors, is in the game on the position of short with the "Pioneers." He seems to bear the burden of years well and as a result of his mingling with his many old acquaintances was out of the game Saturday.

The Paris team is scheduled for games at Shelbyville, Monday, Tuesday and Wednesday of this week. When about ready to leave yesterday morning for Shelbyville Manager Elgin was telephoned not to come until he was notified, as high water Sunday night covered the Shelbyville grounds. They will go there today.

After hitting two men and passing one, the visitors scoring four runs in the first inning, Swearingen assumed complete control of the ball and for the balance of the game pitched winning ball. Considering that it was his first game of the season his exhibition of pitching and fielding was nothing short of marvelous.

Latimer, the newly signed catcher, was in the game Sunday. A few weeks of inactivity made it impossible for him to catch with his usual snap, but as the game progressed he improved. A little more work with the locals will no doubt prove himself worthy of a regular position. His neat two base hit netted the Bourbonites two runs.

It was "Pop" Barnett who asserted that his face would go unshaven until Paris scored a victory. Unless the present streak of ill-luck is broken in the near future, there is a strong probability that a lawn mower may have to be substituted for a razor to clear the face of the star third-sacker of the Bourbonites of the luxuriant growth of beard.

When the game was called in the fifth on account of the first shower, the Paris players, at the resumption of the game, engaged in a heated discussion with the Richmond players over the ball which was last in play. The sphere

had become damp from the rain and in their efforts to delay the game the Richmond players had made away with the leather pellet, for fear when time was called their pinner could not control his curves. After a lengthy argument the ball was found and placed in play by Umpire Rasche, who declared it was not to wet for use.

Pitcher Robertson was given his release after Saturday's game.

Keys, formerly of Paris, has been signed by Winchester for an infield position.

The "noisy rooters" may be classed as objectionable, but their offerings were very acceptable Sunday.

Hats off to "Jimmie" McInley, the most enthusiastic habitué of "rooters row." His ready Irish wit is a soothing balm to hopes at a low ebb.

The Richmond club can thank the rain for their victory Sunday, for there is little doubt but that Paris would have beaten them out in the three remaining innings.

Elgin on first shone like an Eastern star. He played a neat game and seemed not to suffer from the effect of the accident at Richmond from which he is rapidly recovering.

Nine straights lost, still there should be hope. There is consolation in the fact that the Detroit "Tigers" after losing their first ten games last season won the American League pennant.

The "Merry Widows" were very much in evidence to the delight of the male sex, after the fifth inning, however. Fortunate were those who took refuge under them from the driving rain.

"Pa" Santen was absent from the city again Sunday. He journeyed to Cincinnati to see his old friend Hans Wagner. He was as much disappointed over Paris' defeat as he was over his failure to see the Pittsburg and Cincinnati clubs in action.

As an evidence that Paris has the baseball craze the crowds that have so far been in attendance are above the average in league games. When the streak of ill-luck is eventually broken and the percentage of the home team begins to grow, it is probable that the management may be compelled to increase the seating accommodations, as a number of white people were compelled to infringe upon the bleachers provided for the colored folks.

The Blue Grass League games yesterday resulted as follows: Winchester, 1, Lexington, 0, 13th inning game. Richmond, 10, Frankfort, 1. Paris and Shelbyville game postponed on account of rain.

THE "HOODOO."

It is very evident that there is a "hoodoo" hovering over League Park and local fans are on the war path in their efforts to dispel the evil spirit. Numerous suggestions have been made as to the possible cause of the run of bad luck that has been in the path of the home team since the opening of the season, and the most plausible reason was yesterday made known by a most ardent fan. It has been the custom for local players to occupy the bench on the right hand side of the grounds while the visitors have been seated at the left. During the exhibition games the Paris players sat on the left and victory was theirs in every instance. This is a rule that is very noticeable on all ball grounds and should be adhered to by the local management, so the next game or the home grounds we hope to see the Paris boys on the left of the grand stand. Even if there is nothing in superstition there will be nothing lost in giving this matter consideration.

Change in Paris Mail Service.
By reason of the great advance made in the dispatch of all mail for Cincinnati, Ohio, Covington, Newport and Sates North, East and West, by the new pouch service which leaves Paris postoffice daily including Sundays, at 5:50 p. m., whereby mail for above destinations is advanced from 12 to 20 hours, the night collection which now takes place between 8:10 and 8:25 p. m. This change is made because mail which was formerly collected after 8 p. m. and dispatched next day at 8:45 a. m., is now mailed at the postoffice before 6 p. m. and is in Cincinnati by 8:30 the same evening, rendering a later collection practically useless. The mail at the postoffice will accordingly be closed at 7:30 p. m., as at present, and there will be a general Sunday collection at from 3 to 5 p. m. in order to catch the 6 p. m. dispatch, and the Sunday night collection will be discontinued. These changes to become effective May 15th, 1909.
J. L. EARLYWINE, Postmaster.

Baby Has Ten Grandparents.
A baby was born to Mr. and Mrs. A. P. Sullivan, who reside in Brown county, Ohio, opposite Mayville, whose lineal succession is certainly exceptional. It has one great-grandmother, three great-grandfathers and two great-grandmothers; next, it has two grandfathers and two grandmothers. This makes a total of ten grandparents. The parents are young people, the father being a farmer.

Farmers Want Damages.
Petitions seeking damages amounting to \$13,000 from the Indian Refining Company of Georgetown have been filed in the Federal Court at Frankfort. The plaintiffs in the suit are Harry Montgomery and H. M. Grover, both prominent stock raisers of Scott county.

A petition of Mr. Montgomery, who claims that the oil is deposited on the ground and vegetation during the rising of the water, and that the horses made through the water, it takes the hair and the oil off the horses, so that the oil deposited on the vegetation and shrubbery is totally unfit for use and that the stench from the water, and the oil deposited in the creek makes it unpleasant to live in the banks of North Elkhorn. He wants \$5,000.
Grover said that his farm was all especially for the raising of horses, and that the oil which the oil is deposited on the ground and vegetation has damaged the property to a vast amount. He said for he says he was living on the farm before the place was polluted.

PERSONAL MENTION.

Three Injured in Auto Wreck.
Three persons—two men and one woman—were severely injured, while a fourth, also a woman, had a close call for her life—in an automobile accident Saturday night about three miles from Lexington on the Maysville pike. The injured are A. C. Scanlan, of Richmond, Ky., who suffered a broken collarbone several ugly cuts and bruises and internal injuries. J. C. Meiss, commercial traveller of St. Louis, who sustained a broken rib and an injured arm. A young woman, of Lexington, who had three teeth knocked out and suffered a number of severe cuts and bruises about the face. The other young woman was not hurt.

The quartette was in an eighteen in race power car and going down an incline toward Lexington they reached a point in the road where it makes a sharp curve, passing under the L. & N. overhead bridge between Warren-town and Elemendorf farm. Mr. Scanlan, who was driving the machine was either not familiar with the road, or it was so dark that he did not see the sharp curve as they approached and instead of following the road around the bridge, the machine left the road, passed over the interurban line at that point and dashed into an embankment. The machine was evidently going at a lively clip, judging from the wreck which followed, for it was turned over and practically demolished. The occupants being thrown out with terrific force and must have been caught under the wreck. They were returning from a visit to Paris.

Divided into Two Parishes.

At a meeting of the members of the Catholic church at Lexington Wednesday night, presided over by Bishop Maes, of Covington, it was definitely decided to divide the city of Lexington into two parishes, it having heretofore been only one. The new parish will comprise all of the territory in that city East of Limestone street and including the residents on both sides of Limestone, and will include 231 members of the Present parish.

A new church, pastor's residence and school building will be erected for the new parish at a cost of \$100,000, of which the members of the old parish will pay one-fourth. St. Paul's church, on Limestone street, will be used by the new parish as a place of worship until the new church is built. Bishop Maes said that he expected to soon announce the successor to the late Father Barry as pastor of the old parish, as well as the pastor for the new parish.

A REGULAR JAM OF EARLY BUYERS.

The Public Is Snapping Up These Furniture, Car-
pet and Rug Bargains Quickly at E. L.
March's Big Manufacturer's Outlet
Sale Now in Progress at
Lexington, Kentucky.

The crowds attending this big sale are terrific, and many people are attending from a distance of 100 to 200 miles. This most wonderful sale of FURNITURE, CARPETS, RUGS and HOME FURNISHING GOODS has certainly attracted the people from every direction. It shows that the people appreciate genuine bargains. This was certainly manifested by the thousands of dollars' worth of FURNITURE, CARPETS, RUGS, Etc., that was sold on the opening day of this most wonderful Furniture and Carpet Sale, which is, without question of a doubt, the greatest ten-day sale that was ever given in the United States. The bargains to be had at this big Furniture and Carpet Sale are money-saving opportunities to the people, the masses, those who work for a living. The grand values to be had at this sale is SPREADING LIKE WILDFIRE and the wonderful bargains offered are being snapped up rapidly. Never in the history of retail merchandising has the public had such opportunities to buy Furniture, Carpets, Rugs, and Home Needs such as this big sale affords to you. On account of the fact that E. L. MARCH, OF LEXINGTON, KY., having agreed to pay freight charges to any town, on Furniture, Carpets, Rugs, Etc., this fact alone has not only brought the people from a great distance to attend this sale, BUT MAIL ORDERS have literally poured in by the thousands. EVERY ONE, RICH and POOR, seem to want to share and benefit in E. L. MARCH'S ANNUAL MANUFACTURERS' OUTLET SALE. This is this big concern's yearly offering to the people, and the one time of the year when this big establishment, E. L. MARCH, sacrifices all profits direct to the people in order to attract ten thousand new patrons to his establishment. If you haven't got the ready cash it will pay you to borrow it—In order to take advantage of the many grand values to be had at this Big Ten-Day Sale Now Going On at E. L. MARCH'S Big Store, 340 and 344 W. Main Street, Lexington, Ky.

HIS GREAT PURCHASE OF \$250,000 worth of Manufacturers' Surplus Furniture and Carpet Stocks, forty-two carloads in all, is certainly proving to be a regular bargain feast to the people. The entire stocks are selling rapidly—but just as soon as the offerings on our big floors find purchasers, then immediately fresh lots of FURNITURE, CARPETS and RUGS from our big warehouses take their places. It was a tremendous purchase, indeed, and naturally E. L. MARCH is unable to show the entire stock all at one time. That Which You Looked Upon Yesterday, You Won't Find To-morrow. The Display is Continually Changing. It is a Most Wonderful Exhibit and a Bargain Offering of Furniture, Carpets, Rugs, Etc., that it will pay you to come 200 miles to see. Understand, and remember that this sale lasts ten days in all, positively ending on Saturday Night, May 22. Don't delay, but act quickly and attend E. L. MARCH'S BIG MANUFACTURERS' OUTLET SALE to-morrow, and every day until the close of this big sale, which only lasts ten days. Let nothing keep you away, come at once, and come prepared to profit by this, the greatest bargain carnival and the greatest sacrifice sale of Furniture, Carpets, Rugs, Etc., that was ever given in any part of the United States. This big sale presents a veritable harvest of Furniture Bargains and Household Needs, such as was never offered the people before in any section of the country. The crowds attending daily have been delighted with the wonderful values offered. All visitors to E. L. MARCH'S BIG STORE are liberally supplying themselves, and in appreciation are sending their friends and neighbors. If you haven't already attended this most wonderful Furniture and Carpet Sale, then don't lose any time getting here in order to secure your share of the many grand bargains this big sale now affords to you. Mail orders to be filled must positively reach our establishment at Lexington, Ky., not later than Friday morning, May 21, as this big sale positively ends SATURDAY NIGHT, MAY 22.

A word to the intelligent should be sufficient, as this is an opportunity to make your dollar do double duty. Be careful and be sure you find the right place. Ask any Street Car Conductor, who will direct you to our establishment. Look for the big green sign of E. L. MARCH, 340 and 344 West Main Street, Lexington, Ky.

Notice!

We advise quick action on your part, as these
prices only hold good 9 more days.

Raise No Tobacco.

In an interview given out at Frankfort, a few days ago, Commissioner of Agriculture M. C. Rankin declares it to be his firm opinion that the farmers of Kentucky should stop raising tobacco, and should turn their attention instead to the raising of corn, wheat and live stock, to the end that the State will become more prosperous and the land richer and more fertile and the children better educated. This conclusion, Commissioner Rankin has come to, he says, after nearly eighteen months of study as the Commissioner of Agriculture in Kentucky.

"If the farmers will devote as much time and attention to the raising of things I have suggested as they have to the growing of tobacco, it is my belief that in years to come Kentucky will be the richest State in the Union. There is no better land and soil in the United States for crop and stock raising. If I had been fortunate enough to learn when a young man, what I have learned since I have been in this office, I doubt if there ever would have been a crop of tobacco raised on my farm."

"Farmers can make more money if they turn their attention to stock raising. Tobacco has been raised so long and constantly in the Blue Grass counties of Kentucky that the soil has been soiled and impaired, but with treatment it can be brought back to a good quality, and that is what I am going to do with my land. Therefore, I say, no more tobacco for me, but it will be stock raising in the future."

Commissioner Rankin owns one of the most valuable farms in Henry county. He would not raise any tobacco on it this year, were it not for the fact that he bound himself by agreement to permit a few acres to be planted by a tenant. There will be but six acres planted on his farm, and much of the land that has been used for the tobacco in the past will be plowed, harrowed and worked just as if it were being cultivated, until August. In this way Mr. Rankin expects to get a good stand of alfalfa and then he will begin stock raising, and continue at it throughout the remainder of his farming career.

Commissioner Rankin believes that much of the illiteracy in Kentucky can be traced to the growing year after year of tobacco. Children are taken out of the schools in the early spring, he says, to assist in the planting, when they should be studying their lessons. If corn and wheat and live stock were grown, instead of the perennial tobacco crop, he declares that it would not be necessary to take the children from school before the regular school term was out.

Commissioner Rankin is one of the original organizers in Kentucky of the American Society of Equity, and was at one time a leading official of the State branch of the organization.

Kills Her Foe of 20 Years.

"The most merciless enemy I had for twenty years," declares Mrs. James Duncan, of Haynesville, Mo., "was dyspepsia. I suffered intensely after eating and drinking and could scarcely sleep. After many remedies had failed and several doctors gave me up, I tried Electric Bitters, which cured me completely. Now I can eat anything. I am 70 years old and am overjoyed to get my health and strength back again." For indigestion, loss of appetite, kidney trouble, lame back, female complaints, it is unequalled. Only 50c at Oberdorfer's.

Important Decision.

A. J. McDaniel, of Daviess county, has a boy about grown who for several years has been making his own living. Recently the father tried to collect the wages due his son and the case went to the Court of Appeals which decided in the boy's favor saying: "When a father gives freedom to a grown boy and tells him in effect if not in words, to go out and make his own living and be his own man, and the boy acting on this implied consent or direction does commence for himself the battle of life, and is successfully meeting all its requirements, the father will not unless he acts in seasonable time be permitted to reclaim the boy's services or resume the parental authority he surrendered."

Young Girls are Victims.

of headache, as well as older women, but all get quick relief and prompt cure from Dr. King's New Life Pills, the world's best remedy for sick and nervous headaches. They make pure blood, and strong nerves and build up your health. Try them. See at Oberdorfer's.

Good Electioneering Plan.

Newspaper advertising is conceded to be the best means of keeping before the public, and we have often wondered why it is not used more by the candidates in keeping their names prominently in the public eye. In a neighboring county the successful candidate for sheriff used the newspapers extensively, and his success was attributed largely to that source. We do not advocate long cards, or attacks on the other fellow, but short locals containing in a sentence some peculiar element of strength, or claim for support, and the candidate's name.

How to Grow.

The following is clipped from an exchange and is right to the point: "More towns die for want of confidence on the part of business men and lack of public spirit than any other cause," says a floating editorial. "Who a man in search of a home or a business location goes into a town and finds everything brimful of hope and enthusiasm of the prospects of the place and all earnestly working to build it up, he soon becomes imbued with the same spirit, and as a result he drives down stakes and goes to work with the same interest. When however, he goes to a town when everyone expresses doubt and apprehension for the future prosperity of the place, moping about and indulging in mournful complaints, he naturally feels that is no place for him and he at once shakes the dust from his feet while he pulls out with all possible speed for some other place. Consequently try to make a living, enterprising town out of the own in which you live. When you are working for your town you are accomplishing all the more for yourself."

ATTORNEY-AT-LAW,
Room 1 Elks Building.

Not Yet.

When tailors see three-cornered hats in Piccadilly and Bond street it will be time enough to lay in a stock of pink dress suitings. But unless we are mistaken, this sort of thing will not trouble the present generation. The present rage is for quiet tones—Tadler and Cutter.

"OUR POLICY."

A high-class, clean, polite Vaudeville Show of Five Acts, uniformly good, never bad, always worth more than the price of admission charged, put on with plenty of ginger and nothing ever said or done that could offend the most refined taste, may always be expected.
Two Performances, 7:30 & 8:45.

Admission, - - 10 Cents.

"WATCH FOR THE SEARCH LIGHT."

Making Glass.

Glass is made iridescent by being exposed, in a red hot condition, to the fumes of salts of tin, barium and strontium. It is produced by the stromalia, blue by the baryta and bluish white by the tin. In ancient glass, which is more opaque, iridescence is due to partial decay.

Forced to Consume Bakers' Bread.

In Dundee, as in other manufacturing towns in Scotland, bread is seldom made in the homes of wage-earners. They economize rigorously in other ways, but pay the bakers a profit on their big four-pound loaves. There are no facilities in many of the one-room and two-room houses of the poorer workmen to make bread.

Some One Gift in All Men.

Degrees infinite of luster there must always be, but the weakest among us has a gift, however seemingly trivial, which is peculiar to him, and which, worthily used, will be a gift also to the race forever.—Ruskin.

Oxford More Cosmopolitan.

Of late years Oxford has become more cosmopolitan; the advent of the Rhodes scholars has done much to effect this. We welcome them heartily, and the more pronounced are their national characteristics the more hearty is our welcome.—Oxford 'Varsity.

Kentucky Sheriff Lost.

A search has been instituted at Cincinnati for S. H. McGlone, Sheriff of Carter county, Kentucky, who has been mysteriously missing since the evening of April 8. Foul play is feared. McGlone had already made a settlement of his tax collections and his accounts are in perfect shape. He went to Cincinnati on April 8 and registered at the Palace Hotel, went out in the evening and that was the last heard of him.

Advice from Ancient Sage.
A wise man should not refuse kindness.—Herodotus.

Nine Drowned.

A party of nine, composed of six men, one woman and two children, were drowned in the Susquehanna River Sunday. The party set out from Wilkes-Barre, Pa., in a rowboat which shipped water and sank in the middle of the stream.

Man Always Omnivorous.

It used to be held that primitive man was a vegetarian; but the anthropologist Ortway has made careful and extended investigations, which indicate that primitive man, like the modern savage, was omnivorous.

Baptist Convention.

Delegates representing 6,000,000 Baptists are beginning to pour into Louisville to attend the Southern Baptist Convention, which begins with a banquet at the Galt House tonight. The convention will last five days, during which time it is estimated that 15,000 visitors will be in the city.
